

**I believe the UK must continue to be a world leader by keeping its promises to the world's poorest people. Throughout the next Parliament, I will do my part to help end extreme poverty and preventable disease by supporting:**

- Our continued commitment to spend 0.7% of our national income on overseas aid;**
- UK aid that delivers for the poorest people in the world, with maximum impact and transparency;**
- A world class dedicated development department led by a Cabinet Minister;**

**in order to build a safer, healthier, more prosperous and sustainable world for all.**
