

ONE has a network of Global Activists – in Africa, the United States, Europe and Canada – fighting against extreme poverty and preventable diseases. In Europe, the Youth Ambassador programme is a one-year volunteer programme looking for passionate activists to join us for 2020. Next year presents a great opportunity to engage with political representatives to talk about the importance of vaccines in the fight against preventable diseases, overseas aid funding, the Global Goals, and much more.

If you believe that preventable diseases should be prioritised everywhere, then join us to make a difference in the fight against extreme poverty.

Youth Ambassadors are advocates for The ONE Campaign in their communities and beyond. The programme will take a few hours of your time a week and you'll carry out a variety of creative and innovative actions in support of our campaigning and advocacy work. In total, there will be around 300 Youth Ambassadors throughout Europe, joining hundreds more who are part of our Global Activists network.

The volunteer programme will run throughout 2020, and each Ambassador will receive training, access to high-profile events, in-depth policy briefings, as well as dedicated support from ONE's campaigns team. This role is a great opportunity for anyone wanting to become more engaged in international development or who wants to develop their skills in bringing about change.

Being a ONE Youth Ambassador is not a full-time or paid role. It is a voluntary role that will take no more than a few hours of your time every week. Youth Ambassadors are typically between 16-35 years of age. There will be monthly meetings, a launch event, opportunities to meet other European Youth Ambassadors and other Global Activists (online or offline), and an end of year celebration which you are encouraged to attend.

About the ONE Campaign

ONE is a global movement campaigning to end extreme poverty and preventable disease by 2030, so that everyone, everywhere can lead a life of dignity and opportunity. We believe the fight against poverty isn't about charity, but about justice and equality. Whether lobbying political leaders in world capitals or running cutting-edge grassroots campaigns, ONE pressures governments to do more to fight extreme poverty and preventable disease, particularly in Africa, and empowers citizens to hold their governments to account.

AT ONE, WE'RE NOT ASKING FOR YOUR MONEY, WE'RE ASKING FOR YOUR VOICE.
