

Youth Ambassador Role Description – United Kingdom

About this role

ONE has a network of Global Activists – in Africa, the United States, Europe and Canada – fighting against extreme poverty and preventable diseases. In Europe, The ONE Youth Ambassador programme is a one-year volunteer programme which is entering its eighth year in the United Kingdom and we're looking for passionate activists to join us for 2021. Next year presents a great opportunity to engage with political representatives to talk about the importance of vaccines in the fight against preventable diseases and COVID-19, overseas aid funding, the Global Goals, and much more. If you believe that preventable diseases should be prioritised everywhere, then join us to make a difference in the fight against extreme poverty!

Youth Ambassadors are advocates for The ONE Campaign in their communities and beyond. They carry out a variety of creative and innovative actions in support of our campaigning and advocacy work. In total, there will be around 300 Youth Ambassadors throughout Europe, joining hundreds more who are part of our Global Activists network.

The volunteer programme will run throughout 2021, and each Ambassador will receive training, access to high-profile events, in-depth policy briefings, as well as dedicated support from ONE's campaigns team. For now, a big part of the training, briefings and events will be likely done online. When the situation allows, we will slowly go back to in-person meetings and events. This role is a great opportunity for anyone wanting to become more engaged in international development or who wants to develop their skills in inspiring change.

Being a ONE Youth Ambassador is not a full-time or paid role. It is a voluntary role that will take no more than a few hours of your time every week. Youth Ambassadors are typically between 16-30 years of age. There will be a launch event, opportunities to meet other European Youth Ambassadors, and an end of year celebration which you are encouraged to attend. **Due to the Coronavirus pandemic all of our upcoming activity will take place online. The potential for any in person activity in 2021 will be regularly assessed against government guidelines as they are updated.**

Typical tasks

Youth Ambassadors will have access to a range of campaign and advocacy tools and activities and will receive support to design and develop their own action plans with the ONE team. They will be expected to deliver a range of actions, including but not limited to:

- Online meetings with decision-makers and other relevant targets such as ministers and political parties
- Attending online events including conferences and debates
- Using social media to raise awareness and inspire change

- Coordinating and delivering local events and presentations where appropriate and possible
- Writing letters to newspapers and possibly appearing on the radio or TV
- Encouraging the public to take online and in person campaign actions

What we are looking for

- A passion for our mission to end extreme poverty and an interest in international issues
- Attendance at a programme induction and training, likely to be online around February/March 2021
- Willingness to attend monthly meetings (online) and participate in online (social media) actions
- Great communication and teamwork skills
- Ability to build and maintain relationships
- Ability to encourage and support others
- Ability to develop strong organisational skills with the ability to prioritise own workload efficiently
- Verbal and written proficiency in English

The language used in the programme is **English**. Priority in recruitment will be given to those living in the United Kingdom for the duration of the programme.

What we offer

- A clear set of objectives and tasks with a written summary of achievements awarded on completion of the programme
- Regular online training in areas including campaigning, advocacy, and media
- Being part of a group of **50 UK Youth Ambassadors** and a Global Activists network of over 1,000 people (from Nigeria, Mali, Senegal, the United States, Canada, Italy, Belgium, Ireland, the United Kingdom, the Netherlands, Germany and France).
- The opportunity to attend exciting events (for the time being mostly online)
- Opportunities to engage with policy-makers
- Reimbursement of reasonable expenses when on duty once offline activities resume

ONE does not discriminate in its selection and volunteer practices. All qualified applicants will receive consideration for employment without regard to race, colour, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability, genetic information, age, or other legally protected characteristics.

Due to the number of inquiries that ONE receives, we thank all candidates for their interest yet only those who are selected for an interview will be contacted.

About the ONE Campaign

ONE is a global movement campaigning to end extreme poverty and preventable disease by 2030, so that everyone, everywhere can lead a life of dignity and opportunity. We believe the fight against poverty isn't about charity, but about justice and equality. Whether lobbying political leaders in world capitals or running cutting-edge grassroots campaigns, ONE pressures governments to do more to fight extreme poverty and preventable disease, particularly in Africa, and empowers citizens to hold their governments to account.

At ONE, we're not asking for your money, we're asking for your voice.
